For: **METHOD AND APPARATUS FOR FEEDBACK-BASED MANAGEMENT OF
COMBINED HEAP AND COMPILED CODE CACHES.**

1. This action is responsive to amendment filed November 14, 2006. Claims 1-36 and 45-52 are now allowed.

REASONS FOR ALLOWANCE

2. The following is an Examiner's Statement of Reasons for Allowance:

 The prior arts of record do not teach or suggest, alone or in combination, **all** the limitations of the independent claims of the current invention (claims 1, 19 and 45). The discussion of the reasons for allowance shall be directed to claim 1 in which the Examiner shall designate as the primary invention in this application; however, the reasons for allowance will also apply to all other indicated independent claims (claims 19 and 45).

The prior arts of record do not teach nor suggest either methods

(as being claimed in claims 1 and 45) or article (as being claimed in claim 19) wherein the method comprises making a first determination to indicate whether size of a compiled code cache should be modified based on first feedback generated during execution of a program; making a second determination to indicate whether size of a heap should be modified based on second feedback generated during execution of the program, and modifying a shared storage region based on the first determination and the second determination. In light of the foregoing, claims 1, 9 and 16 of the present application are found to be patentable over the prior arts.

Claims 2-18, 20-36 and 46-52 further limit the allowable independent claims 1, 19 and 45. These claims are therefore allowable for the same reason as set forth above.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
